

Filkins &  
Broughton Poggs  
Gardening Club

The members of the Gardening Club have enjoyed an interesting year of visits and activities. The final meeting of 2017 was an example of how successfully activities are run by the members – a core tenet of this informal village club is that the members suggest, plan and organise the activities themselves. The meeting was held at the house of one of the members; a fascinating and informative illustrated talk on garden lighting was given by a different member, assisted technically by another member and, after a question and answer session, the meeting concluded with tea and delicious refreshments baked and served by other members. This was a truly collaborative effort enjoyed by over twenty of us. We will meet again in January for the annual Planning Meeting when members will share their ideas for activities in 2018.

Currently, membership of the Gardening Club is free and is available to any adult living in Broughton Poggs or Filkins. If you are interested in joining please talk to any member of the Club or contact me.

Enjoy this lovely autumn and happy gardening
