

 **Community Lunch Club**  
**FOOD BANK**

For many reasons, we thoroughly enjoy our village lunch club occasions and the feedback we often get is truly heartening. Many good things seem to have developed out of it, not least of which is the feeling we get of genuine community and which was extended in a spontaneous way, with our relatively newly formed link to the Witney Food Bank.

Although the Lunch Club cannot now meet as planned, the pandemic that has caused the suspension will bring new and untold hardship to very many families, and the need for support is likely to be greater than ever.

We thought therefore that we might try to continue to donate food items to the Witney Food Bank, every 6 to 8 weeks, as we did following our last two lunches and by doing so, maintain the link that has been created with them.

If you would like to support this suggestion, then we will arrange for a box to be available in the Village Shop, where you can place any contributions and Moira and I will take them to Witney as before. It may also be possible for some of us to buy the item donated, from the Village Shop and thereby help to keep this valuable amenity viable.

We thought it would be appropriate for us to take the first collection to Witney on **Tuesday 7<sup>th</sup> April**, the date on which we were due to meet.

Very best wishes,

Moira and Don

# Menu
