

Defibrillator Update – June 2021

An app is available to download on your phone via Apple or Android which you may find of benefit :

Save a Life 17+
 South Central Ambulance Service NHS Foundation Trust
 Designed for iPhone
 ★★★★★ 2.9 - 14 Ratings
 Free

The App provides:

- Instructions on what action to take for a person who has collapsed
- A direct link to call 999
- Location of the Nearest Defibrillator to your location (in England) so that you can advise the Ambulance Service
- A video on how to perform Cardiopulmonary Resuscitation (CPR)
- FAQ section

As a reminder, the **nearest** Defibrillators in the locality are :

Location	Defib location Box Identifier (ID)
Filkins Village Hall GL7 3JQ	AAW38
Langford Village Hall GL7 3LW	AG29
Kencot Village Hall GL7 3QU	AM61
Alvescot St Peters Infant School OX18 2PU	AB02

Please Remember to **TELL 999** service that there is Defibrillator nearby - **give location** (and Box ID if you have it)

Please note 999 will **not** ask you to fetch the Defibrillator if you are the sole rescuer and the victim will be left alone. In this scenario, the most important action is to give CPR.
