

Spring 2022 Gardening Club Update.

When the Parish Plan came into existence in 2006 the Gardening Club was formed and has since then been run and operated by Lucille Jones, Cris Woodford and Alison Swales.

Under their stewardship the Club has thrived and now boasts some 50 members.

The Club itself has always been run on an informal basis and its membership is limited to residents of Filkins and Broughton Poggs. The Club has sustained throughout the pandemic and visits many gardens each year and has active social engagements.

All of the members praised and thanked Lucille, Cris and Alison for their commitment and tremendous contribution for keeping the Club active, running and interesting. Their retirement although regretted acknowledged that with advancing years they would wish to remain as members but pass the coordination of the Club over to others.

A survey was undertaken and the following people have stepped up to share the tasks involved in keeping the Club running:

✚ Lorraine Chitty

✚ Peter Berners-Price

✚ Julie Tridgell

✚ Rosie Howe

✚ Heather Atkins

✚ Michell Heath
